What is StitchHub?

- A site to make and share knitting + crocheting + cross-stitching patterns

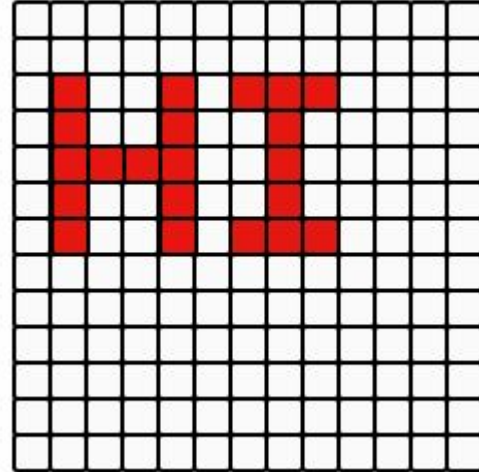

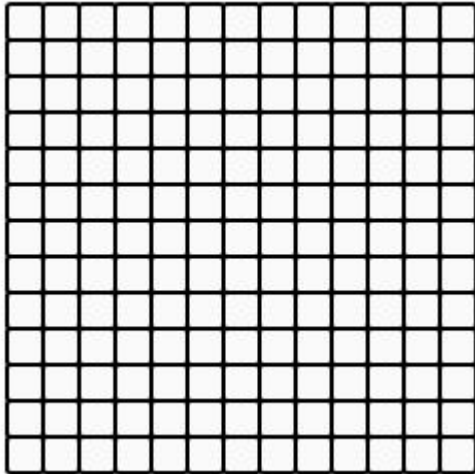

Purpose: why is the app needed?

Concepts

Chart

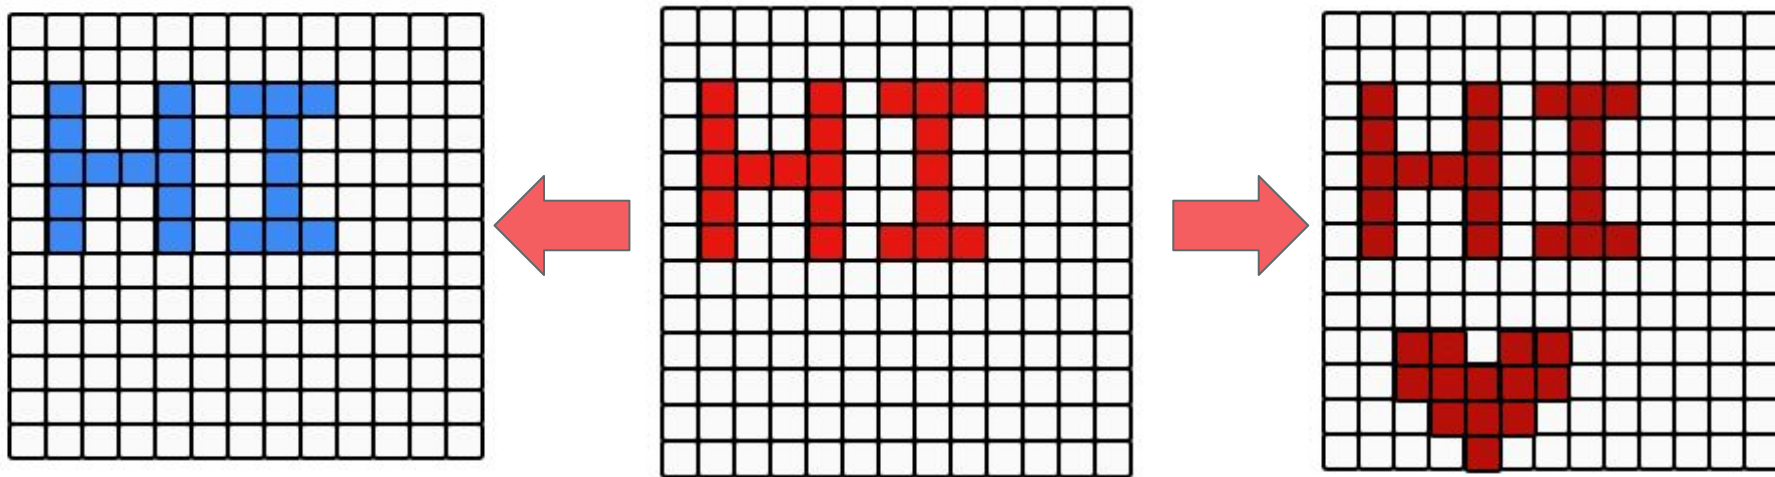

- Purpose: provide a visual representation of the design for the user.
- Operational principle: If the user clicks on squares in the chart they can, assign colors to the chart and create a design.

Concepts

Remix

- Purpose: Users can take existing designs and edit them to their liking.
- Operational Principle: By remixing an existing design, a user can edit the colors on the original design and make a new design.

Risks: what might go wrong?

- Plagiarism
- Copyright
- Profanity/Inappropriate content
